

AST HANDMADE MACRAMÉ BELTS

PREMIUM HANDMADE MACRAMÉ BELT MANUFACTURER

Crafted in Bangladesh

ABOUT AST HANDMADE MACRAMÉ BELTS

Founded in January 2026, AST Handmade Macramé Belts is a Bangladesh-based artisan workshop specializing in handcrafted macramé belts. Every belt is carefully woven by skilled artisans using high-quality cotton macramé cord and durable metal buckles.

We work with boutique fashion brands, private-label companies, online retailers, and independent designers looking for premium handmade accessories with consistent craftsmanship and reliable service.

Rather than mass production, we focus on attention to detail, product consistency, and long-term business relationships.

Our Story

AST Handmade Macramé Belts was founded with a simple vision—to create premium handmade belts that combine traditional craftsmanship with modern fashion.

Our journey began in Chattogram, Bangladesh, where a small team of skilled artisans handcraft every belt with patience, precision, and care.

As we continue to grow, our goal is to become a trusted manufacturing partner for fashion brands around the world while preserving the authenticity of handmade production.
